

FOR IMMEDIATE RELEASE:

Corinth, MS – January 6, 2014 — This year Developmental Industries, Inc. proudly celebrates its twenty-fifth year in business. Since its' founding in October 1989, Developmental Industries, Inc. has become one of the leading regional tool and die facilities in Northeast Mississippi. Developmental Industries, Inc. works with worldwide industry leaders including 3M, Caterpillar, The Container Store, FMC Technologies, PCA, Bloody Water Calls, KX Technologies, and many others developing innovative solutions for industry. Developmental Industries, Inc. also supports it's own brand, DI Roof Seamers, which is now recognized as one of the largest roof seamer manufacturers in the world with offices in the United States and Canada.

“Every day is about improving or creating, so it's always exciting. We genuinely love what we do and it shows in the smiling faces of our coworkers and in the products and services we provide.” stated General Manager Todd Hight, “We are more than acquaintances working in a common field. We are a family working towards common goals. And we know that our personal goals are only obtained as a byproduct of one thing - happy customers. I'm honored to be a part of this family and look forward to the next 25 years and beyond.”

With continued improvements and innovations, Developmental Industries, Inc. looks to move forward into the future. Currently holding over a dozen United States and International patents, development of several new tools and designs in process to be released over the next several months. Dedication to quality American-made products can be attributed to Developmental Industries' success along with their commitment to preserving Mississippi jobs and supporting local manufacturing. Developmental Industries, Inc. boasts award-winning quality programs and an unparalleled success due to its investment in people, processes, and technology.
