

FOR IMMEDIATE RELEASE:

D.I. Roof Seamers releases new website.

Corinth, MS, August 11, 2015 — D.I. Roof Seamers proudly announces the release of their new website design. This new design promises a clean, modern design with easy-to-navigate functionality and a content-rich site experience. “This new website does not in any way replace the direct, responsive customer service that we have been known for throughout the industry” stated Information Technologies Manager Jamie Sanders, “and we feel that this new design closely aligns with DI’s strategic vision for growth and expansion.”

Visitors will experience D.I.’s broad product offering and social media integration with direct links to Facebook, LinkedIn, Google+, and Twitter where company and product updates appear on a regular basis. More updates are soon to come including a shopping store front, e-commerce capabilities, and new instructional video series. For more information, visit us online at www.diroofseamers.com today!
